“A village father like this would not have cash assets to divide. He owns land, buildings, animals, and tools. For him to divide his estate and give disposable cash to his son, he must sell what he has to his village. And if he doesn’t sell it, clearly his son will. And this starts the scandal spinning in town. Why is he selling? What could his son have said? What if our sons get this idea in their heads? Not only is the father’s honor betrayed, but the entire village’s values are offended. This village would be angry. They boy wants to cash in his sonship.”

Lesson:

Repentance is the way we RECEIVE forgiveness,
not the way we EARN forgiveness.
