**KEY SCRIPTURE:**

Acts 27:9-26

Acts 28: 7-9

1. Share some experiences where you were caught “looking around”, and not planning ahead. How can we effectively “plan ahead” in terms of our faith for storms that will come our way?
2. Think of some people in your past or present who have been your lighthouses during your storms. What was it about them, or what did they do, that brought light into your life?
3. Name a time or situation when you felt distracted or not fully present because you knew you had a rowboat you could escape with?
4. Paul states that those on the boat were placed into his hands...who has God placed into your life that needs *you*?
5. Talk about a time that someone showed up in your life unexpectedly, and have been a blessing. These people were exactly like that to Paul who showed up on Malta.

End with a time of reflection and prayer asking God for wisdom to navigate the storms in your life or storms to come.
